

M CON Pipe & Products Inc. is seeking an Industrial Maintenance Mechanic Apprentice to join its team.

M CON is a manufacturer of premium precast concrete products with industry roots dating back over 65 years.

M CON is seeking a dedicated tradesperson for its growing operations. Successful candidates will report to the Maintenance Supervisor and will work within the maintenance team to perform general maintenance, repairs, and improvements to equipment and facilities. They bring with them a positive, hardworking attitude, and a polite approach to communication with all levels of the organization.

Primary Responsibilities:

- Perform routine maintenance on equipment and building systems
- Address and repair equipment breakdowns and process failures
- Complete work orders and track daily repairs
- Work with outside contractors when required
- Work collaboratively with operators to troubleshoot issues, reduce downtime, and address relevant safety and quality concerns
- Participate in the assembly, installation, and adjustment of new equipment or new parts to support the growth and continued improvement of production operations
- Support the Maintenance Supervisor in all matters regarding the maintenance, repair, and optimization of equipment and building systems
- Ensure that all duties and tasks are carried out in a safe, professional, and efficient manner

Skills & Assets:

- Ability to read drawings, blueprints, specifications, and manuals
- Experience with pneumatic, hydraulic, mechanical, welding fabrication, and electrical
- Ability to work independently without supervision and with minimum direction
- Experience in troubleshooting and problem-solving
- Skilled in the use of hand tools and power tools
- Excellent organizational and time management skills
- Strong attention to detail and highly conscientious when performing tasks
- Strong communication skills, both written and verbal
- A team player that can interact with all levels within the organization
